## **MONTHLY REPORT: July 2022**

**To:** Samantha Walters-Community Development Director

**From:** Anna Jordan-Community Development and Housing Assistant

- **Housing:** Our department is currently working with two home owners for possible full rehabilitations. Requests for inspections have been submitted. We continue to have issues staying within the program's dollar amount. RRS items were completed for a new home buyer. We had another new buyer move into Massillon this month with the help of down payment assistance. Two more income approved buyers are hoping to purchase in Massillon as well. We have updated and continued contact with RPC regarding projects. The project waiting list has been continually updated, as well as the housing financial ledger. We are in anticipation of our new program years funding, and will continue to assist as many homeowners/and homebuyers as possible.
- **Fair Housing:** For the month of July I received 16 fair housing and tenant/landlord calls. A lot of calls continue to come in for residents looking for rental property, we supply resources/contacts when we receive these calls. Many tenants called complaining about lack of repairs. Code enforcement assists with repair calls. We also provide information to tenants on steps to take to escrow rent if necessary. We held a fair housing meeting this month, where we discussed community outreach. The housing department will be participating in the Fun Fest in August. This is a good opportunity to get material and information to citizens of the city, as well as community outreach through face to face presentation.
- **Community Development:** We continue to do on-site monitoring of our 21' sub recipients. Budget for new program year is established. We look forward to new funding, and again assisting home owners, and Sub recipients. We currently have an approved home buyer we look forward to assisting with an emergency repair project of a leaking roof/and gutters. A second applicant looking for assistance with a roof has been moved to full rehabilitation do to extensive damage from a leaking roof. IDIS and department spread sheets are continually updated.
- **Administrative:** Prepared and paid bills/ IDIS drawdowns for funds. Updated activities as necessary. Ledger balanced and maintained accurately throughout the month. Other tasks upon assignment. Supplies ordered as needed. Preparation and updating of department brochures. Handle phone calls as received.

On the 30<sup>th</sup> of the month, Firefighter/Medic Tyler McNeill resigned after accepting a similar position with the City of Solon Fire Department.

Members continued working with ESO and Cleveland Clinic Mercy preparing to migrate electronic incident reporting over to ESO. The Fire Incident module is ready to go and members are trained. Administrators are finalizing the EHR setup and members will be completing end user training throughout August. The projected go live date for ESO reporting is September 1<sup>st</sup>. The Fire Prevention Bureau went live with the Properties and Inspection side of ESO in mid-July with positive feedback.

Efforts were also made towards future planning in a few areas. Lateral transfers will be incorporated into the next civil service entrance exam tentatively scheduled for late summer. We are also working with an architectural firm to update the fire station location analysis completed in 2013 – 2014. The analysis will help us determine the best course of action regarding facilities to ensure the most effective protection to the entire city. We hope to begin the process in early fall.

Respectfully,

*Matthew Heck*
