

Dear FSO Operator,

Today, Sunday 3/15/2020, Ohio Governor Mike DeWine has ordered all sit-down/dine-in restaurants to either close or convert to carry-out/delivery only. All bars and dine-in/eat-in restaurants must close their dining room tonight at 9p. If you have any questions or concerns please contact me either by telephone or email. In addition, please watch our FaceBook site for additional guidance and updates.

We are aware of the impact that this order from Governor DeWine will have on your business, and we don't know how long this restriction will be in place, but we want as many Ohioans to make it through as possible. Thank you for your understanding.
