- **Housing:** Our department currently has a homebuyer approved for our full rehabilitation program. Bidding delays and weather have slowed the progress, but we are hopeful to get this job awarded soon. A second application was sent out to a potential full rehab recipient. We are awaiting return of paperwork so we can begin the process. RRS items were completed for another new home buyer, completion was approved, and funds were distributed from Regional planning. A new home buyer using down payment assistance should be closing very soon. Home and buyer have been approved, we are awaiting paperwork from lender. Another application was received, but buyer changed mind as the house they wanted was sold. Two application packs were sent out to other potential first-time buyers. We have updated and continued contact with RPC regarding projects. The project waiting list has been continually updated, as well as the housing financial ledger.
- **Fair Housing:** For the month of November I received 20 fair housing and tenant/landlord calls. We are diverting calls to legal aid as necessary. Several repair calls came in this month. People are concerned with landlord neglect. We divert a lot of these calls to code enforcement, working together to make sure rentals are registered, and landlords are maintaining properties per City ordinance codes. Callers are also provided information on the steps to put rent into escrow accounts. We have received calls from people looking for rental assistance. We provide any information and resources available to assist.
- **Community Development:** Requisitions for sub recipients are being processed for payment now, we are happy to be able to assist many organizations that are so important to Massillon residents.
