## **MONTHLY REPORT: December 2022**

**To:** Samantha Walters-Community Development Director

**From:** Anna Jordan-Community Development and Housing Assistant

- **Housing:** Our department currently has a homebuyer approved for our full rehabilitation program. Bidding delays and weather have slowed the progress, but we are hopeful to get this job awarded soon. A new home buyer using the down payment assistance program closed on their home this month. We just received an application for another potential buyer. Information on this project is provided almost daily. We have prepared set up and completions as necessary for RPC regarding projects. The project waiting list has been continually updated, as well as the housing financial ledger.
- **Fair Housing:** For the month of December I received 14 fair housing and tenant/landlord calls. We are providing information for legal aid as necessary. Information on calls is collected when received, this helps maintain record for return calls and assists in forwarding information to other departments as necessary. Details of several calls were forwarded to code enforcement. Departments work together to make sure rentals are registered , and landlords are maintaining properties per City ordinance codes. Callers are also provided information on the steps to put rent into escrow accounts. We have received calls from people looking for rental assistance. We provide any information and resources available to assist.
- **Community Development :** Two new roofs were installed for homeowners this month. We were also able to assist a home owner who lost electric due to lines being ripped from home following an accident. Application paperwork was sent to a homeowner requiring a new hot water tank. We are already preparing for the 2023 sub recipient workshop, and will begin taking applications later this month. Ads have been set up for newspaper. The attendance and interest of the virtual workshop has been excellent , and we plan to continue to get information to the organizations that could benefit from CDBG funding.
- **Administrative:** Prepared and paid bills/ IDIS drawdowns for funds. Updated activities as necessary. Ledger balanced and maintained accurately throughout the month. Other tasks upon assignment.
