

PRESS RELEASE 4/20/2020

### GARAGE SALES DURING COVID-19

It is the responsibility of all Ohioans to protect ourselves and our families and neighbors against this coronavirus pandemic. With that in mind, the Ohio Department of Health and the Massillon City Health Department have designated garage sales as non-essential businesses.

At this time garage sales planned in the City of Massillon should be postponed until after the Governor's Stay-at-Home orders have been lifted. The City Administrative office will not be issuing garage sale permits at this time.

For current up-dates on this issue or other coronavirus questions go to the City of Massillon website, Facebook page, or [coronavirus.ohio.gov](https://coronavirus.ohio.gov).

Terri Argent, Health Commissioner

Massillon City Health Department
