

The Massillon City Health Department, Division of Vital Statistics, will reopen on Tuesday May 19th, 2020, for customer service and sales of birth certificates, death certificates, burial permits, food service licenses, and permits.

Birth and death certificate applications are available on-line on the Massillon City webpage (www.massillonohio.gov/vital) and we encourage anyone wanting a birth or death certificate to go on-line for an application prior to coming to the Health Department. This will shorten your wait time and avoid crowded lines. Please help us protect our clients and staff by wearing a face covering when you are entering our lobby. Thank you.

Terri Argent

Massillon City Health Department
