Health Commissioner (330) 830-1712

3/10/2021

Beginning March 11, 2021 at 9a, the following individuals can register to be added to the Massillon City Health Department's COVID-19 wait list:

Phase 2B: Age Eligibility

- Individuals age 50 and older.
- Individuals age 60 and older previously eligible under Phase 1B or Phase 2A who have not yet received the vaccine remain eligible under Phase 2B.

Phase 1D

- Individuals who have specified medical conditions that may increase their risk of severe illness and death from COVID-19. The new qualifying conditions are not already covered through Ohio's age-based approach to vaccine eligibility.
- People with type 2 diabetes under the age of 50.
- People with end-stage renal disease (also known as end-stage kidney disease) under the age of 50.
- You must be a resident of Massillon City to be added to the wait list. Having a Massillon zip code or phone number does not necessarily mean you live in Massillon. Residency is determined by your physical location, and if you live in one of the townships you are not a resident of Massillon.
- You must have proof of age, residency, and qualifying medical condition (if applicable) at time of appointment, or you may not be serviced.
