## **MONTHLY REPORT: APRIL 2026**

**From: Anna Jordan-Community Development Coordinator**

- **Housing:** The full rehab project is well under way, we have had contact with contractor regarding work that is completed. A caller reached out interested in applying for the full rehab program, and application packet was mailed. We have adequate funding for projects, but we have had trouble finding qualifying homes for this specific program. RPC is continually updated on progress of projects using HOME funding. RPC is keeping us updated on HOME policies and procedures as they come. We have been in contract with them regarding other possible uses for funding as well. We have been in contact with our consortium, as they prepare to submit the action plan for 2026 for additional HOME funding.
  
- **Fair Housing:** For the month of April I received 19 calls . This month I assisted tenants and landlords with eviction questions. Callers wanted more information about lease terms and month to month agreements. Assisted callers with rental rights regarding inspections and entry of landlord/maintenance. Inquiries continue to come in regarding housing units/shelters. Received calls from individuals looking for rental assistance, and or utility assistance, and a lot of calls this month looking for subsidized housing units. I provide information I have available to me to them. We assess calls and determine if a formal fair housing complaint is needed. Some were given information regarding legal aid. We supply as many resources as possible. Zero calls I had involved fair housing. I attended a fair housing training seminar this month was extremely informative. The Fair housing luncheon is fast approaching, invites were sent and we have many interested parties. We are also in planning faze of a landlord seminar to take place in September we are holding with Alliance and Stark County.
  
- **Community Development :** In April a roof job was completed, a hot water tank was also installed for this homeowner. We have a window job nearing end. A rough winter has slowed this process. Homeowners who had new furnace installed, had to get electric work completed after an unforeseen issue, this is under way at this time. We awarded another roof project and have a pre-construction meeting scheduled. We are bidding another roof, and have an application for yet another roof project . We also have a couple applications out . We are putting the final touches on our Annual Action plan for 2026. Budget and Plan have been presented to council, and citizens comment period has ended. We are updating IDIS as needed, and utilizing CDBG funding to assist homeowners. We continue to process sub recipient requisitions, and update demographics in IDIS as files are submitted.
  
- **Administrative:** . Manage phone calls. IDIS activities and projects set up, funded, and updated as necessary. Place ad orders with local paper. Prepared and paid bills/ IDIS drawdowns for funds. Ledgers balanced and maintained accurately throughout the month. Other tasks upon assignment. Supplies ordered as needed. RPC set up and completions completed in a timely manner. Prepare documents as needed for meetings. Application packets prepared and mailed. New files set up as needed. Schedule events, prepare flyers etc. Set up pre-construction meetings with contractors.
  
- **Meetings/Training/Events:** for the month of April I attended the following meetings:
  - ▶ **April 2nd-Meeting at RPC /landlord convention planning**
  - ▶ **April 14<sup>th</sup>-HCCSC Board meeting**
  - ▶ **April 23<sup>rd</sup>-Pre-construction meeting.**
  - ▶ **April 28<sup>th</sup>-Meeting at RPC/landlord convention planning**
  - ▶ **April 29-30<sup>th</sup>-Fair Housing training, OCCD training.**

Respectfully, Anna Jordan -Community Development Coordinator

**To: Mayor Jamie Slutz**  
**From: Ted Herncane, Director of Development**  
**Re: Monthly Report**  
**Date: April 2026**

### **Economic Development**

Fielded calls regarding new business opportunities to discuss site location, zoning, and site plan review procedures. Attended NEFCO (Northeast Ohio Four County Regional Planning & Development Organization) monthly board meeting. Director of Development was appointed by the Stark County Commissioners to serve on this board. Met with two parties interested in annexation and potential incentives. Held Site Plan Review Committee meeting for Burger King remodel on LWE. Continued working with two (3) parties interested in purchasing and renovation historic downtown buildings for commercial use.

### **Community Development**

Continued CDBG administrative duties including accounting and financial management for CDBG expenditures, monitoring expenditures for all activities in IDIS, and monitoring of CDBG sub recipients and their programs. Fielded calls from residents regarding the City's vacant land reutilization program and questions regarding zoning requirements for various projects. Worked with code enforcement officers and held weekly status meetings to go over procedures, record keeping, and implementation of the International Property Maintenance Code (IPMC). Several Code cases are being reviewed by the Law Department for prosecution. For CDBG FY 2025 City of Massillon received \$646,321 which is a 0.992% decrease from the grant amount estimated at the time of passage by City Council. Continued work on FY 2026 CDBG Annual Action Plan. Held second public meeting on April 27 in Council Chambers. The City's FY 2026 CDBG allocation was released by HUD. This year's allocation is \$646,246, a \$75 decrease from estimated amount. The City will undertake 4-5 demolition projects this spring. Environmental and historic preservation reviews have been completed.
