- **Fair Housing:** For the month of August received 18 calls . We received calls regarding repairs, lease agreements, and service animal questions. We assess calls and determine if a fair housing complaint is needed. We work as a middle person for landlord/tenant issues as needed. Some were given information regarding legal aid. Any calls made regarding outside repairs can be directed to Code for outside inspection. We continue to receive calls from people looking for subsidized or low-income housing, as well as homeless individuals looking for housing. We supply as many resources as possible. We attended the Massillon Funfest, a lot of housing material and outreach was given to Massillon residents, and the kids really enjoyed our visor and sticker activities.
- **Community Development :** A Code Enforcement referral program roof project was completed this month. We have a window and gutter repair job bid to contractors, we have awarded a bid to a contractor for a roof and gutter replacement job for Massillon homeowners. We have another application for a roof, and have several others out, or pending with needed documents. Homeowners are always updated on application status, and notified if their application lacks needed information. All 2024 Sub recipient funds have been utilized. We are now in the 2025 year awaiting funding. Draft CAPER has been made available for viewing as of 8-27-2025, and a citizen participation meeting is scheduled. We will take citizens input regarding the spending of CDBG funding.

years. This is the first step in the process to hire eight (8) new firefighters to fill current vacancies. Our projected start date is October 20, 2025.

On the 22<sup>nd</sup> of the month, I met with Income Tax / Budget Director Kotagides-Boron to discuss 2026 budget items.

On the 25<sup>th</sup> of the month, Captain Jim Coughlin moved into the Superintendent of Buildings (Fire Marshal) position overseeing the Fire Prevention Bureau. Over the next several weeks he will start to fulfil all the tasks and appointments that go with the position.

On the 26<sup>th</sup> of the month, I attended the County Hazmat Exec Board meeting.

Also, on the 26<sup>th</sup> of the month, I attended the County TROT (Technical Rescue Operation Team) meeting.

On the 27<sup>th</sup> of the month, Fire Prevention and I attended the first weekly Football Security planning meeting hosted by the High School Athletic Department.

On the 28<sup>th</sup> of the month, I attended the StarkMHAR Fire/EMS Advisory Committee meeting.

Instructor personnel continued to plan training activities at acquired structures in the city. We thank St. Mary's Church for the opportunity to use a couple of their older buildings for training purposes. Members also completed monthly EMS continuing education hosted by Cleveland Clinic Mercy.

After completing a few community events in early August focusing on fire safety and education, the Fire Prevention Bureau started discussing and planning for Fire and Life Safety Education activities coming in October. They were also busy completing inspections in numerous buildings while also working to complete a couple fire investigations. Due to staffing levels, we are short in the bureau, but the inspectors have done a fantastic job keeping up with all the activities and tasks assigned to them.

Respectfully submitted,

*Matthew Heck*
