Monthly Report – June 2017

- The week of June 5, 2017, met with Auditor, Brian Mosier from Clark, Shaefer, Hackett and provided documentation for financial statement testing and federal program testing. Clark Shaefer Hackett completed their audit of the CDBG/Community Development – Housing Department and stated everything was acceptable with no concerns or findings.
- The week of June 12th prepared for the HUD Audit, reviewed Exhibits to be used from the CPD Monitoring Handbook and supporting requirements.
- On June 14th we received email notification from HUD in regards to our CDBG Grant Funds for FY 2017. The City of Massillon will receive \$597,181.00, an approximate 1% decrease from our previous grant year.
- Continued the development of the 2017 Action Plan in the eCon system of IDIS. Updated all sections since FY 2017 Budget figure provided. The Action Plan is typically due to HUD by May 15, 2017 and to Stark County Regional Planning (our lead of the consortium) by May 5, 2017, however due to the delay on the release of the FY 2017 budget RPC stated our 2017 Action Plan must be finalized for them to submit both Actions Plans to HUD by July 13, 2017.
- On June 19th – June 21st Madeline (Lynn) Judkins, Rep from HUD, Columbus field office was here for an Onsite Monitoring Review. We have not received an official follow up from our audit from HUD at this time, but are hopeful that the City of Massillon – CDBG program will not have any findings. Lynn audited and reviewed many documents, programs, procedures, etc. Example: CDBG 2015 Paving of Target Streets. She discussed some expansions of our programs and procurement procedures and made suggestions in regards to supportive documentation for our activity files.
- Attended the Historical Preservation Commission meeting on June 15, 2017. The Massillon Museum presented their plans for expansion of the museum, at this meeting. We were made aware of their design concept and subsequent action required by our Commission. The Commission also agreed to approve specific colors for awnings in the downtown district.
- Entered into an updated agreement with CBC Innovis Company (Housing Department utilizes this agency to run credit report screenings as part of our First Time Home Buyers and Emergency Request program. Credit reports are requested to determine if perspective Home owners, Home Buyers and Emergency Request persons owe any government entity, or are behind in mortgage, taxes or under bankruptcy constraints. The forms were reviewed & approved by our City Law Director. One of the requirements of CBC Innovis also was to provide an onsite inspection of our department, which was completed on June 14, 2017. On June 21, 2017 we received notification that we passed the physical inspection and are permitted to utilize this service with no interruption.
- On June 23, 2017 attended a Webinar via HUD Exchange: “How To Use CDBG for Public Service Activities” (Intro to Public Service Activities, Meeting and Documenting a National Objective & Designing a Public Service Program. I learned about CDBG’s eligible and ineligible public service activities, received guidance on how to determine the appropriate national objective category for public services, and how to document

ACTIVITY REPORT:

- **FAIR HOUSING CALLS FOR THE MONTH:** ____28____ call were received of varying nature in the month of June.
- Were any of them discrimination related? ____No____
Major Concerns? Most were typical, repair, landlord tenant disputes.
- **Code Enforcement Involvement?** Code Enforcement was helpful in providing information to persons who were renting illegally. The property was purchased by a person who then sectioned it out as rental apartments. He then collected the rent but did not pay the mortgage due each month. I received a call from one of the tenants that the building was being auctioned off. Code was able to find out from the owner of the building who lives out of state that that was never the intent of the building. Since they had not received payment from the purchase they were moving forward with the evictions of those living in the building.
- **FULL HOUSING REHABILITATION PROJECTS:** We are in the process of three Full Rehabilitations in varying stages of progress. The Contractors have 90 days for completion, with the option of Change Orders if there are any delays.
- **EMERGENCY REHABILITATION PROJECTS** We have applications for two roofs that will be on-going when funds become available
- **MINOR REPAIR** - This program has primarily worked in conjunction with our Full Rehabilitation program, insuring our success in providing Full Rehabilitation access to some we would have to walk away from because of the amount needed for their full rehabilitation.
- **FIRST TIME HOMEBUYER ASSISTANCE:** **QUESTIONS:** The kind of home that would be acceptable for the program? A home that is a one family unit, not a duplex...a previously owned home will need minor items or brought up to minimum code standards. Does it have to be in Massillon? Yes, in the City not the townships.

STATUS OF THOSE WAITING OR PRESENTLY BEING SERVED: We do have three homebuyers looking for a home to purchase, and one that is working with their financial institution. There was a transition in loan officers, which has caused a delay in his purchase. We have completed one First Time Homebuyers down payment assistance June 28, 2017. We will be moving forward with the second portion of their assistance, once the deed is filed.

PROGRESS TO DATE: We have completed with five First time homebuyers down payment assistance and RRS items. This is the second half of the funds we provide which brings their homes to minimum code standards. We have submitted completions to Regional Planning for these Homebuyers.

Dear Mayor:

Attached is the monthly report for the Massillon Fire Department for June, 2017.

The department responded to a total of 474 alarms during the month. This averages to 15.8 alarms per day. There were 79 fire alarms and public service calls, and 395 rescue and EMS calls. There were 0 firefighter or civilian injuries due to fires.

On the 1st of the month, I attended the monthly LOGIC Board meeting. I also attended an LEPC Executive Committee meeting.

On the 7th of the month, I attended the Stark State Fire/EMS Advisory Board meeting.

On the 8th of the month, I attended the Countywide Consortium Committee meeting to save money through group purchasing. This meeting's focus was Oxygen expenses.

On the 13th of the month, I met with representatives from ACY Communications to discuss fiber connectivity for the server and increased bandwidth for web based programs.

On June 15th, Tom Thornberry, one of the few remaining original dispatchers from the RED Center, retired from service.

On the 17th of the month, the annual Cruise-On-In-and-Dance show was held. The department covered the needs of the city well and responded to several EMS incidents at the show itself. I believe the safety plan we have in place is a good one.

Thomas M. Burgasser, Fire Chief
Fire Department | 233 Erie Street South, Massillon, OH 44646 | 330.833.1053

On the 19th of the month, the SSD and I met with representatives from Jackson Township concerning the LOGIC Board By-Laws.

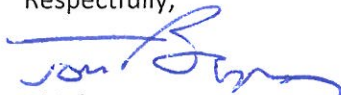

Hose Testing has been completed this month. The department continues to work through issues regarding payroll and scheduling with the Easy Time Solutions program.

Ongoing effort continues to promote countywide philosophy regarding standard operating procedures and practices. Initiatives reducing or limiting the risk of cancer to our firefighters is gaining momentum and we should have county wide participation in these best practices.

Additionally, discussion continues regarding the following:

- providing a solution to increasing call volume and limited response to the NE side,
- providing interoperable communications, and
- consolidating dispatch.

Respectfully,

Massillon Parks and Recreation Board Report – Thursday, July 13, 2017

- On July 17, 2017 - 42 members and I will be leaving at 7:00 am for our Finger Lakes trip. This will be a 3 day trip to New York returning on Wednesday evening around 10:00 pm. At this time the Center will be closed and all members have been notified by means of the Senior Center newsletter.
- The Open House held on June 24th was somewhat disappointing, I had hoped for a much larger turnout. I had 23 people tour the facility and eat lunch. A picnic style lunch was provided by Meals on Wheels. I am pleased that I did get 2 new memberships that afternoon. My membership total now stands at 326.
- I will be out of the office a few days the 2nd week of August and ask to be excused for the next Park and Recreation Board meeting on August, 10th.

Subject: Active Transportation Funding Information

Hello,

The Ohio Departments of Transportation and Health are pleased to advise your office that infrastructure projects for each entity listed have been selected for funding.

The funding was competitive with over \$6 M being requested for an available \$1.7M. Each application had merit in improving active transportation in all parts of the state.

The funding is contingent upon completion of a final scope of services meeting between ODOT and the project sponsors.

The Department looks forward to working with each of you in the continued development of your Active Transportation initiatives.

If you have questions, please contact Julie Walcoff at 614-466-3049 or by email at julie.walcoff@dot.oh.gov

TRAFFIC ACTIVITY REPORT

MONTH OF JUNE 2017

TO:	Chief Keith T. Moser
FROM:	Patrolman Jeffrey A. Crawford
DATE:	July 7, 2017

In June of 2017, the Massillon Police Department issued a total of 197 traffic citations, 48 less traffic citations than were issued during the same time period last year. The Massillon Police Department made 24 arrests for OVI, 4 more than were made in June of 2016. Radar Citations for the month totaled 33; this was 29 less than last year during the same time period.

The Massillon Police Department handled a total of 86 traffic accidents during June. This was 22 more accidents than occurred last year during the same time period. There were 46 property damage accidents, 17 injury accidents, there were 23 accidents that occurred on private property. Of the above accidents there were 10 hit skip accidents. There were 8 accidents that occurred as a direct result of alcohol and/or drugs. There was 1 pedestrian accident and 2 bicycle accidents during the month. The Massillon Police Department investigated 6 accidents involving juveniles resulting in 3 injuries. There was 1 motorcycle accident and no fatal accidents.

In June of 2017 there were 84 motor vehicles towed by the Massillon Police Department. This was 25 more than were towed in June of 2016. Of the above tows, 40 vehicles were towed from traffic accidents, 9 for traffic offenses, 16 as a direct result of an arrest, 17 for parking violations, There were 2 recovered stolen vehicles and no miscellaneous tows.

During the month of June 2017, the traffic officer mailed 32 certified letters in regards to junk and/or abandoned motor vehicles. The traffic officer made 26 title searches to the State of Ohio, Bureau of Motor Vehicles. During June 2017, the traffic officer was able to junk or title 14 motor vehicles. Also during the month of June, the traffic officer issued or acted upon 42 notices (48/72 hour and/or 10/20 day notices). The traffic officer further sent numerous 2255's and driver's licenses to the state. The traffic officer logged and filed several license plates and kept track of the motor vehicles awaiting court order for immobilization, confiscation or return to the owners. The traffic officer issued 20 parking citations. The traffic officer mailed no warning letters for stopped school bus violations.

As of the last day of June 2017 there were 36 motor vehicles sitting upon the impound lots of Patriot and Reed's Towing Services. Of the 36 vehicles, several are waiting for court order to dispose of them.

Following is a breakdown of the individual tows, accidents, citations and OVI arrest for the month of June 2017.
