MONTHLY REPORT: November 2025

From: Anna Jordan-Community Development Coordinator

- **Housing:** We completed a full rehab project, and the contractor has been paid in full. We had a successful lead inspection, and completion paperwork with fund request was sent to RPC . We have another full rehab. project in the works. Appraisal was received, intent to proceed was returned, and project is being bid out to contractors. If we should receive any other homeowners that are interested, we are in a position to send another application packet. We have adequate funding for projects, but we have had trouble finding qualifying homes for this specific program. Home buyer program calls have slowed down. If we receive inquiries about this program, we continue to supply resources for down payment assistance from outside organizations. Funding for 2025 has been received per RPC.
- **Fair Housing:** For the month of November I received 18 calls . We received calls mainly regarding neglected repairs. Tenants are usually informed of the options, and if outside we can get code involved. In some situations. Inquiries continue to come in regarding housing units/shelters. Received calls from individuals looking for rental assistance, and or utility assistance. I provide information I have available to me to them. We assess calls and determine if a fair housing complaint is needed. We work as a middle person for landlord/tenant issues as needed. Some were given information regarding legal aid. We supply as many resources as possible. Zero calls I had involved fair housing.
- **Community Development :** In November We installed two furnaces for LMI families, and a third homeowner who needs a furnace completing application paperwork We currently have two window projects in progress, and two income approved homeowners we are working with on complex plumbing situations. A roof is in process of being installed for a homeowner who was experiencing leaks, and a homeowner with disability need of a modifications project has been bid to contractors. A homeowner who is need of hot water tank and a roof has submitted application paperwork, and we need work specifications. With new grant funding available, we can have more projects active at this time. Projects are set and ready to go in IDIS Projects/activities in IDIS for the 2025 program year. Sub-recipient contracts have been executed, and onsite reviews were performed as well.
- **Administrative:** Manage phone calls. IDIS activities and projects set up, funded, and updated as necessary. Prepared and paid bills/ IDIS drawdowns for funds. Ledgers balanced and maintained accurately throughout the month. Other tasks upon assignment. Supplies ordered as needed. RPC set up and completions completed in a timely manner. Prepare documents as needed for meetings. Application packets prepared and mailed. New files set up as needed. Schedule events, prepare flyers etc.
- **Meetings/Training/Events:** for the month of November attended the following meetings:

CITY OF MASSILLON FIRE DEPARTMENT

Matthew G. Heck, Fire Chief

Jamie Slutz, Mayor

On the 30th of the month, we held our annual Firefighter Memorial Service at Central Fire Station. This was the 50th memorial marking 50 years since the tragic night of the La Cuisna Fire where we lost 3 firefighters. We also remember the other firefighters who died in the line of duty throughout our history. This year, we recognized another firefighter, Captain Joe Glossen who was injured at the La Cuisina fire and later died from complications from those injuries. Also, on the 2nd of the month, Asst. Chief Spicocchi attended the Stark County Collaborative Training Committee meeting.

Personnel completed monthly EMS continuing education provided by Cleveland Clinic Mercy (our Med Control) during the month.

The Fire Prevention Bureau was busy with several fire investigations throughout the month. They also continued working with several building and business owners assisting them with gaining compliance with fire codes ensuring the safety of their employees and customers.

Respectfully submitted,

Matthew Heck

- We continue to receive, respond and refer calls on a daily basis. Major concerns have been persons seeking shelter, looking for cheaper living space and information concerning Subsidized housing and other helps. Information and referrals were sent as request came in. The Housing Department also provides a Subsidized Housing List and other helps, for individuals who may qualify. We also receive calls from Health Care Providers who care for persons who may need emergency assistance and may not know about our program. Additionally, people are calling to find out about managers in Trailer Parks who seem to have no regulations in raising rent, denying repairs and over all up keep of the trailers that are rented and grounds. Since we have no jurisdiction to assist, many are living in deplorable conditions and receiving cruel and unreasonable treatment. We can only refer them to the Manufactured Home Commission, out of Columbus, OH., who should be their resource and help. However, I have not found out what help they provide as, trailer parks continue to deteriorate.

Respectfully, Beverly A. Lewis, Housing Director
