The Patch 2.2 update for Marvel's Avengers is here just in time for Christmas but not for everyone. The new content was released for PlayStation 4, PlayStation 5, Xbox One, Xbox Series X and S, and Stadia on November 30, but Windows PC users won't be able to play it until the first of December. While there have been problems already with the update, there is one specific issue pushing back the release of the Windows 10 game.

If you still need more spins or coins in Coin Master, you can purchase them via the in-game store. The price of additional spins or coins starts at Rs. 89.

But while Battlejack merely used the mechanics of Blackjack for its combat, Coin Master builds everything – including its monetisation – around a slot machine.

Make sure you feed your Pets to keep them strong and active, and during the time-limited events that take place once in a while in Coin Master, you try to get pet food - or simply spend a couple of bucks for it in the Shop. Just make sure you always choose the best pet depending on what you want to do and try to boost it as much as you can. I personally prefer Foxy, but if you are a rather aggressive player who likes to raid, Tiger might be a better choice for you.
