AUGUST 05 2023 UPDATES -

For A Simple Zone Out Time, Coin Master Is A Perfect Match. You'll Use Slot Machines To Earn Coins, Attack, And Raid Other Villages. That's Where The Viking Theme Ends. Coin Master Has No Plot Or Story. The Goal Is To Keep Earning Coins To Build, Improve, Or Repair Your Village And Steal Coins From Your Neighbors. Then You Can Use The Coins You Gained To Construct And Upgrade Your Base's Structures.

Although Coin Master Is Straightforward, There Are Innumerable Ways To Improve Your Play And Overall Experience. So, We Are Here To Save Your Day.

HERE'S THE FULL DETAILED GUIDE TO COIN MASTER:

● BASICS :

Every Task In Coin Master Revolves Around Obtaining And Spending Coin. There Are Three Primary Means Of Earning Coin In Coin Master. Firstly, You Can Win Coin From The Slots Machine. Secondly, You Can Attack Other Players' Bases And Earn Coins. Thirdly, You Can Raid Other Players' Bases And Snatch Away Their Coin Stash. In Order To Perform These Actions, You Will First Have To Take A Spin On The Slots Machine.

● SLOTS MACHINE :

You Can Get To The Slots Machine By Opening The In-Game Menu And Selecting It Or By Swiping Down From The Village View. Below The Slots Machine, You'll See Your Current Number Of Available Spins. Once You're Out Of Spins, You'll Have To Wait For Some Time For Them To Regenerate. The Slots Machine In Coin Master Has Four Reels With Four Different Symbols. If You Manage To Get Four Of The Same Symbols In A Row, You

Immediately Perform That Action. The Four Symbols Are A Bag Of Coin, A Hammer, A Pig Bandit, A Shield, And A Spin Capsule.

Let's Get To Know The Symbols First :

1. The Bag Of Coin: The Bag Of Coin Simply Gives You Coin. Unlike The Other Pictures, You Will Not Need An Entire Row Of These To Earn A Reward. Every Bag Of Coin You Get After A Spin Nets You A Small Reward, But Getting An Entire Row Of Them Gives A Bigger Payout Than Four Individual Bags Of Coin Would.

2. The Hammer: If You Manage To Get An Entire Row Of Hammers, You Will Be Able Attack Another Player's Base. If You've Linked Your Facebook Account To Coin Master, You Can Choose A Friend To Attack, Otherwise The Game Itself Picks A Random Player.

The Player's Village Will Appear On Your Screen And You Will Asked To Choose Which Of Their Buildings You Want To Attack. Attacking A Building Will Benefit You With A Coin Reward And Will Reduce The Star Level Of The Attacked Building.

3. The Pig Bandit: If You Get Four Of Pig Bandits In A Row, You Immediately Get To Perform A Raid, But You Can't Choose The Target Of Your Raid. You'll Be Assigned A Raid Target Automatically. When The Raid Will Begin, You Will Be Taken To Your Village And Given Three Shovels To Dig Holes.

There Are Several Locations In The Village That You Can Dig Up, Which Are Marked By Large X's. You'll Have To Pick Three Holes To Dig And Some Of Them Will Contain A Significant Amount Of Coins. The Best Part Is These Coins Are Taken Directly From The Victim's Current Coin Stash.

4. The Shield: The Shield Is Used To Protect Your Base From Enemy Attacks. If You Get Three Shields At Once, Then You'll Be Protected From Three Attacks. If You Have A Shield When An Enemy Attacks One Of Your Buildings, Your Building Will Be Protected And Therefore It Will Not Go Down In Star Rating. Notably, The Shield Doesn't Protect You From Raids.

In Case You Attack A Player With A Shield, You Will Still Gain 50,000 Coins But The Player's Building Won't Take Any Damage And Won't Go Down In Star Rating.

- Increase Spinning Speed :

If You Get To Accumulate A Large Number Of Spins, You Can Increase Spinning Speed. When You Increase Spinning Speed, Each Spin Of The Slots Machine Spends Multiple Spins But You Also Increase Your Chances Of Winning Big. Bets Multiply The Rewards You Earn From Slots Machine Spins.

- VILLAGE BUILDING :

Villages Serve As Levels In Coin Master. There Are Five Buildings You Must Construct In Each Level. In Order To Complete It And Advance To The Next Village, You Must Upgrade All Of The Buildings In Your Current Village To 5-Star Rating.

Upgrading Buildings Costs Coin, And Upgrades Become Progressively More Expensive The Further On You Get In The Game.

- THE REVENGE MECHANIC :

The Revenge Mechanic Allows You To Get Back At A Player Who Has Previously Attacked Your Village. Firstly, Spin The Slots Machine. If You Get A Full Row Of Hammers, The Game Will Take You To The Attack Screen And Transition To A Random Village. There Will Be A Revenge Option On The Top Of Your Screen. You Will Have To Select This And The Game Will Bring Up A List Of All The Players Who Have Recently Attacked You. Pick One And You'll Be Taken To That Person's Village Where You Can Get Back At Them.

- CHESTS :

Chests Can Be Purchased From The In-Game Shop For Coins. All Chests Can Give You Cards Of Up To 5-Star Quality Level, But The More Expensive Chests Have Greater Odds Of Dropping Higher Quality Cards. Higher Level Chests Also Have Lower Odds Of Dropping Low Level Cards Than Low Level Chests. You Can Also Receive Pet Snacks, Pet XP, Or Bonus Spins From Chests. These Are Added To Your Inventory Atop The Cards You Receive

- CARDS :

There Are Several Themed Card Collections, And Each Collection Contains Nine Cards. Collect All Nine Cards In A Collection And You're Rewarded With Bonuses, Including Free Spins, A Huge Influx Of Coin, And Even Pets.

The More Expensive The Chest, The More Cards You'll Find Within. The Quality Of The Cards You Can Get From A Chest Is Dependent On Your Current Village Level. One You Reach The Higher Village Levels, You Also Have The Chance Of Getting Special Gold Cards From The Chests You Open.

One Of The Most Exciting Mechanics In Coin Master Is The Card Trading System. You Can Send Up To 5 Cards To Your Friends Every Day, So It's A Good Idea To Join Coin Master Forums And Communities.

The Joker Card Is An Ultra Rare Card That You Can Earn By Participating In Coin Master Events Or By Unlocking Mystery Chests. The Joker Card Has The Ability To Transform Into Any Card You Want, Even Gold Cards.

Tips, Tricks, And Techniques To Get The Most From Your iPhone.

You can make the most of your iPhone if you just learn to fully use it. There are so many useful apps and features that the uses for an iPhone are seemingly endless. No matter what your interests in life, or the things you need from a phone, iPhone can usually do it. They can also do things that you might have never even dreamed of. Use the tips from this article to help you find more ways the make the most of your iPhone.

You won't need to worry about ending up on the wrong road with the iPhone. The iPhone's maps app comes loaded onto your phone right when you get it, making it a breeze to locate yourself as long as you're connected to the network. This is great for helping you get back home or visiting a new place you haven't seen yet.

Save a wet iPhone with white rice! If you are unfortunate enough to drop your beloved iPhone in the toilet or a puddle, all is not lost. Do not turn the phone on. Dry it with a towel. Then, place the phone inside a zippered freezer bag filled with uncooked white rice. The next morning, there is a good chance your previously wet iPhone will work again.

If you want to use special characters in your text, the iPhone makes it easy. Here's how to get that accomplished. If you touch an individual letter for only a few seconds, options will appear for that letter. You will see a box appear that has several more keys. There you can choose as many of those keys as you'd like!

To save battery life on your iPhone, use this trick. When unlocking your phone, cover the area just above the earpiece. This will block the sensor that detects how bright the room is, which tricks the phone into believing your are in a darker space. When the screen powers on, it will be less bright, using less power.

If you are using certain apps that allow you to select a word, you can get definitions for any word that you do not recognize. All you need to do is press and hold the word and a box will come up that will ask if you would like to define it.

Don't scribble that phone number you searched for onto a scrap of paper. If you locate a number in Safari that you would like to call, there is no need to use the regular dialer. Just tap on the phone number, instead, and the phone will call it automatically.

To conserve battery life, lower the display brightness of your screen. You only need a bright screen in dimly lit situations, so lower it during the day or anytime you will not be using the phone for some time. This is a great way to conserve battery life and avoid having to charge your phone so often.

When you are scrolling down the screen viewing long list or web page on your iPhone, there is a quick way to return to the beginning. Instead of swiping over and over again to scroll back up, simply tap the bar at the top of your screen. This will take you back to the top of the page right away.

Turn keyboard clicks ON to hear noise each time a character is entered during texting. Some people find it helpful to hear the clicks of typing to keep from making mistakes, while others find the sound irritating and prefer silent typing.

Reduce your energy usage to extend the life of your iPhone battery. Eliminate apps you don't use. Turn off wireless signals you aren't using. Reduce screen brightness, unless it is necessary. Always remember to lock it before you put it away. You will need to charge your battery far less.

As you can see, the iPhone has so many ways that it can be used. There are great features along with new apps created everyday that can cater to most obscure interests. Your iPhone can quickly become indispensable if you learn to use it properly. You will wonder how you could have ever lived one day without it.
