fight mode with friends this is a very new model and has only been updated to the latest version in this mode you can make friends and confront them directly with your friends this is no different from real life soccer challenges

your first interface will include 2 main keys however playing with these two function keys is not enough so you need to open more keys to open more keys click the double dash icon at the top of the screen once selected turn off the gestures only section by flipping the blue bar once you turn off this item and return to the screen you will see all 5 function keys

to participate in the game you need to understand the rules as well as how to use the function keys in the game the way to play the modes in the game is relatively similar therefore i will only introduce how to play once in normal mode

up now the game has been released for nearly 30 years a solid foundation is sometimes not enough during this time the publisher of the game has always changed and evolved thanks to the positive adjustments and changes the game has undergone many changes and upgrades

the game has a unique 3d graphic design style therefore these 3d motion effects give players a very realistic feeling the movement effects of the characters as well as the background are all made meticulously to every detail

the first is the moving key it is integrated on the left side of the screen and independent of the rest of the keys the key is designed as a virtual d pad to manipulate you need to move within the white inner ring and you can easily control up down left and right

fifa mobile 22 free coins generator that work no human verification in fifa mobile 22 free coins hack a common skill is that you need to knock down the box or in some cases the odd colored box in the neutral box to earn points and complete the training similarly you may be asked to hit the target literally bull s eye in order to score these are designed to test your ability in trying with precise targets rather than aiming your shots deliberately zero and they can be a bit of a challenging start however once you have mastered the art of drawing as straight a line as possible you should eventually master the fifa mobile 22 free coins glitch sometimes drawing a straight line from your player to your target may not cut it off if this happens you can take turns aiming high if you want to knock down a box in the middle in this case the physics of the game may indicate that the ball is closer to the middle than the top box as for the lower boxes there is no complication just draw a straight line also keep in mind that once you reach a harder skill game you will have to deal with moving doors in those exercises that require you to score
